PROFESSIONAL SUMMARY

Frontend Developer with strong experience building scalable and responsive web applications using React.js, Next.js, JavaScript and Redux. Skilled in developing reusable components, REST API integration, performance optimization, and responsive UI design. Passionate about writing clean, maintainable code and delivering user-centric solutions. Seeking Frontend Developer / Software Engineer role in startup or MNC.

EDUCATION

- **Sona College of Technology** Salem, TN
Master's Degree in Computer Applications; CGPA: 8.0 Aug 2023 – May 2025
- **Vysya College** Salem, TN
Bachelor's Degree in Computer Science; CGPA: 7.09 July 2020 – May 2023

VIRTUAL INTERNSHIP EXPERIENCE

- **Accenture - Data Analyst** Mar 2025
 - **Data Collection:** Completed a simulation advising a hypothetical social media client as a Data Analyst.
 - **Data Modelling:** Cleaned, modelled, and analyzed datasets to uncover insights for business decisions.
- **Tata Group - Data Analyst** Mar 2025
 - **Visuals:** Created visuals for data analysis to support executive decision-making.
 - **Data Visualization:** Completed a simulation involving creation of dashboards and visualizations for TCS.

PROJECTS

- **E-Commerce Web Application using React :** GitHub
 - **State Management:** Implemented product listing, category filtering, and cart functionality using a centralized Redux store with slices, actions, and reducers. And Improved page load speed by use of reusable components.
 - **API Integration:** Integrated REST APIs to fetch and display dynamic product data across the application.
 - **Component Architecture:** Built reusable and modular React components using clean code and component-based architecture, optimized UI performance, and ensured responsive design across mobile and desktop devices.
- **Next.js E-Commerce Web Application with WhatsApp API Integration :** GitHub
 - **Application Development and State Management:** Developed a responsive e-commerce web application using Next.js with Redux Toolkit for centralized state management of products, cart, and user interactions, and styled the UI using Tailwind CSS.
 - **API and WhatsApp Integration with Performance Optimization:** Integrated REST APIs for dynamic product data and implemented WhatsApp API to send user and order details to the admin in real time; optimized UI performance and applied component-based architecture for responsive and smooth user experience.

SKILLS

- **Frontend Technologies:** HTML, CSS, JavaScript (ES6+), UI Development
- **Frameworks / Libraries:** React.js, Next.js, TailwindCSS, Redux Toolkit
- **Tools & Platforms:** Git, GitHub, VS Code, MS Excel, Chrome DevTools, Vercel
- **Database & Backend Basics:** Node.js, MongoDB, SQL, Joins, Group By, REST API
- **Key Skills:** Web Development, API Integration, UI Optimization, Component-Based Architecture, Responsive Design, Cross-Browser Compatibility, Debugging, Performance Optimization, React Developer.

CERTIFICATIONS

- **Data Analytics Essentials:** Cisco.
- **Microsoft Excel: Formulas and Functions:** Analytics Vidhya.
- **Programming in Java:** NPTEL - Ranking with Elite.
